--

Most H5 Adventure courses may include adventurous activities. The company's staff have, and fully accept, a duty of care to make those activities as safe as is reasonably practical. They are required to adhere to a comprehensive set of safety rules and there is a quality management system to monitor the fact that rules and procedures are adhered to. However, adventurous activities are inherently hazardous and cannot be completely risk free however hard we try. Accidents can happen without any contributory negligence from H5 or its staff. Your son/daughter must therefore help our staff to look after their safety by listening carefully to instructions and by not being reckless. Only give your consent if you are confident that they will behave responsibly in this way. We can accept no responsibility for loss of or damage to personal property or for personal injury not arising as a result of its own action or default.
